## ABOUT ME

Full-Stack Developer passionate about creating seamless user experiences since 2020. Skilled in JavaScript, React.js, TypeScript, Node.js, HTML, CSS, and SQL. Actively expanding my knowledge in AWS Cloud Technologies and dedicated to continuous learning and embracing new challenges.

On my [blog](#), I share insights from my journey exploring cloud infrastructure and DevOps-related topics.

## SKILLS

Javascript, Reactjs, Typescript, Nodejs, Git, Linux, HTML, CSS & SQL.

## WORK EXPERIENCE

### **Full-Stack Developer at Dorothy | Remote | 03/2024 - Present**

- Developing high-performance, scalable Node.js APIs.
- Deploying and managing applications on AWS EC2 instances.
- Built a Node.js sync service to synchronize Excel sheets with the frontend.
- Utilizing Docker for efficient application deployment and management.
- Front-end development with JavaScript, including React.js.
- Collaborating effectively with cross-functional teams.
- Writing clean, maintainable, well-documented code.
- Proactively solving technical challenges.

Skills: React.js · Amazon Web Services (AWS) · Node.js · Problem solving

### **Frontend Developer at Dorothy | Remote | 06/2021 - 03/2024**

- Built intuitive Admin dashboard and landing pages; crucial in MVP development.
- Selected technologies and state management tools (e.g., Redux, Context).
- Integrated Elasticsearch; worked as a Full-stack developer for front-end/back-end.

Skills: React.js · Front-End Development · JavaScript · Cascading Style Sheets (CSS) · Elasticsearch · HTML5 · Problem solving

### **Frontend Developer Freelance | Remote | 06/2020 - 08/2023**

- Developed responsive website in Next.js for designer [Fermín Guerrero](#).
- Led launches of V1, V2, and V3 with significant performance and feature improvements.

- Integrated CMS and conducted comprehensive code refactoring.
- Skills: Next.js · JavaScript · Contentful · Problem solving

**Cabin Crew at Emirates | Dubai | 05/2016 - 06/2020**
